Upon completion of this module, learners will:

1. Articulate why ethical decision-making is critical to the work of Deaf interpreters.
2. Reduce the influence of personal bias by identifying and reducing behaviors that impact effective interpretation.
3. Monitor decisions regarding professional boundaries and ensure an impartial approach to interpretation.
4. Evaluate educational, cognitive, physiological, and sociolinguistic factors and communication needs that may influence ethical decision-making prior to, during, and after interpreting assignments.

PARID is approved by the RID CMP to sponsor Continuing Education Activities. This program is offered for 1.2 CEUs in professional studies. Participants should have little/no knowledge of the topic.
